Application No. 10/542,767	:	<b>PROSECUTION HIGHWAY</b>
Filed: July 20, 20065	:	<b>PROGRAM AND PETITION</b>
For: COLLISION PREDICTING APPARATUS	:	<b>TO MAKE SPECIAL UNDER</b>
AND COLLISION PREDICTING METHOD	:	<b>37 CFR 1.102(d)</b>

This is a decision on the request to participate in the Patent Prosecution Highway (PPH) program and the petition under 37 CFR 1.102(d), filed December 11, 2007, to make the above-identified application special.

The request and petition are **GRANTED**.

A grantable request to participate in the PPH program and petition to make special require:

- (1) The U.S. application must validly claim priority under 35 U.S.C. 119(a) to one or more applications filed in the JPO;
- (2) Applicant must submit a copy of the allowable/patentable claim(s) from the JPO application(s) along with an English translation thereof and a statement that the English translation is accurate;
- (3) All the claims in the U.S. application must sufficiently correspond or be amended to sufficiently correspond to the allowable/patentable claim(s) in the JPO application(s);
- (4) Examination of the U.S. application has not begun;
- (5) Applicant must submit a copy of the latest Office action from each of the JPO application(s) containing the allowable/patentable claim(s) along with an English translation thereof and a statement that the English translation is accurate;
- (6) Applicant must submit an IDS listing the documents cited by the JPO examiner in the JPO Office action along with copies of documents except U.S. patents or U.S. patent application publications; and
- (7) The required petition fee under 37 CFR 1.17(h).

In light of the preliminary amendment filed December 11, 2007 with the petition, the request to participate in the PPH program complies with the above requirements. Therefore, the above-identified application has been accorded "special" status.
